- Leadership

Experience

Participant

Smart India Hackathon (SIH) – National Level *2023, 2024*

- Collaborated with a team to solve real-world problems using technology solutions in a national-level hackathon.
- Gained hands-on experience in project management, coding, and teamwork under tight deadlines.
- Successfully designed and implemented a solution that addressed challenges posed by industry professionals.

SSIP – Gujarat Level Hackathon *2023*

- Worked on innovative projects focused on societal needs, addressing local challenges with cutting-edge technology.
- Developed strong problem-solving skills and learned to present ideas clearly to stakeholders.
- Strengthened leadership by guiding team members during the brainstorming and development phases.

CVMU Hackathon *2023*

- Engaged in creating software solutions with cross-functional teams in a fast-paced environment.
- Quickly adapted to new tools, ensuring high-quality project delivery.

Additional Experiences

Freelance Web Development Projects *2022 - Present*

- Developed responsive websites using HTML, CSS, and JavaScript, improving user experience and functionality.
- Built and deployed full-stack web applications, gaining practical experience in front-end and back-end development.
- Worked with frameworks like Bootstrap and basic back-end technologies, enhancing my web development skills.
